The screenshot shows the homepage of the Journal of Information Science Theory and Practice (JISTaP). At the top, there is a navigation bar with links for 'Acoms Journal list', 'Help', 'Login', 'Publisher Login', 'Sitemap', and 'Create an Account'. Below this is the KISTI logo and the journal title 'Korea Institute of Science and Technology Information', along with ISSN and pISSN numbers. A secondary navigation bar includes 'Journal Information', 'e-Submission', and 'View-FullText'. The main content area is divided into a left sidebar and a main text area. The sidebar contains 'Journal Information' links (Introduction, Editorial Board, Author's Guide, Editor's & Reviewer's Guide, Contact Us) and 'Related sites' (Korea Science & Technology Information, Koreascience, NDSL, and the National Science Museum). The main text area features a 'REGISTER' button and a message: 'Please register with this journal to use e-Submission.' Below this is the journal title, 'Aims and Scope' section, and detailed text about the journal's focus on information science theory and practice, its interdisciplinary nature, and its commitment to publishing original research. It also mentions that the journal is published by KISTI, a government-funded research institute.

3. ACOMS의 논문 투고 절차는 6단계로 이루어져 있습니다.

# 신규논문투고(Submit a New Manuscript) - Step 1

The screenshot shows the KISTI submission interface. At the top, there's a header with the KISTI logo and 'Korea Institute of Science and Technology Information'. Below that, there are navigation links like 'Journal Information', 'e-Submission', and 'View-FullText'. The main content area is titled 'Submit a New Manuscript : Step 1. Input Title, Abstract & Keywords'. On the left, a vertical menu lists steps from 1 to 6. Step 1 is highlighted. The main form has three sections: 'Title' with a text input field, 'Abstract (250 word limit)' with a large text area, and 'Keywords' with three input fields and an 'Add' button. At the bottom right, there's a 'NEXT >>' button.

1. Step 1 : Title, Abstract, Keywords를 입력합니다. Keywords를 추가로 입력하려면, "Add"를 클릭하십시오.
2. 다음 단계로 진행하려면 "NEXT" 버튼을 클릭합니다.

# 신규논문투고(Submit a New Manuscript) - Step 2

The screenshot shows the 'Submit a New Manuscript : Step 2. Input Authors' page. On the left, a vertical sidebar contains six steps: Step 1. Title, Abstract & Keywords; Step 2. Authors (highlighted with a red box and circle 1); Step 3. Files; Step 4. Article Type & Areas; Step 5. Additional Information; and Step 6. Confirmation. The main content area is divided into two sections. The 'Author List' section contains a table with one entry: Order 1, Name Gregory House, and an Edit button. Below the table are icons for Submitter, Corresponding author, and KISTI-ACOMS User. The 'Add New Author' section (highlighted with a red box and circle 4) includes a checkbox for 'Corresponding author' (highlighted with a red box and circle 4), and fields for Name, Title, First Name, Middle Name, Surname, Affiliation, Department/School, Address, Country (set to Afghanistan), Postal Code, State/Province/Prefecture, City/County/Borough, Street Address/Post Box, Email, Phone number, Mobile number, and Fax. A 'Search Users to Fill' button (highlighted with a red box and circle 3) is located below the form. At the bottom, there are three buttons: '<< PREVIOUS', 'SAVE', and 'NEXT >>' (highlighted with a red box and circle 5). A '< Add new author' button (highlighted with a red box and circle 2) is also present.

1. Step 2 : Author 정보를 입력합니다.
2. 화면상에 저자정보를 입력 후 "< Add new author" 버튼을 클릭하면 Author List에 저자가 추가됩니다.
3. 만약 ACOMS에 등록된 사용자 정보를 검색하여 입력할 경우 "Search users to Fill" 기능을 활용합니다.
4. Corresponding author의 체크박스에 체크 후 입력하면 해당 저자는 교신저자로 입력됩니다.
5. 다음 단계로 진행하려면 "NEXT" 버튼을 클릭합니다.

# 신규논문투고(Submit a New Manuscript) - Step 3

The screenshot shows the 'Submit a New Manuscript : Step 3. Attach Files' page. On the left, a vertical sidebar lists steps 1 through 6. Step 3, 'Files', is highlighted with a red box and a red circle containing the number '1'. The main content area has three sections: 'Files', 'Graphic Abstract', and 'Manuscript(pdf)', each with a table for file management. A red circle with the number '2' points to the 'Add File' modal form. This form has a 'Category' dropdown menu (set to 'Manuscript'), a 'File' input field with a '찾아보기...' button, a 'Caption' text field, and a 'Description' text area. A red circle with the number '3' points to the 'Add file' button in the 'Manuscript(pdf)' section. At the bottom, a navigation bar contains 'PREVIOUS', 'SAVE', and 'NEXT' buttons. A red circle with the number '4' points to the 'NEXT' button.

1. Step 3 : 논문 파일 및 첨부파일을 업로드 합니다.
2. 업로드할 파일의 종류를 Category에서 선택합니다. "찾아보기"버튼을 클릭하여 파일을 첨부한 후 Caption 및 Description 정보를 입력합니다.
3. Add file" 버튼을 클릭하면 파일이 업로드 되고, 업로드된 파일은 Files의 목록으로 확인이 가능합니다.
4. 다음 단계로 진행하려면 "NEXT" 버튼을 클릭합니다.

# 신규논문투고(Submit a New Manuscript) - Step 4

The screenshot shows the KISTI e-Submission interface. At the top, there is a header with the KISTI logo and the text 'Korea Institute of Science and Technology Information'. Below the header, there is a navigation bar with links for 'Journal Information', 'e-Submission', and 'View-FullText'. The main content area is titled 'Submit a New Manuscript : Step 4. Select Article Type & Areas'. On the left, there is a vertical sidebar with six steps: Step 1 (Title, Abstract & Keywords), Step 2 (Authors), Step 3 (Files), Step 4 (Article Type & Areas), Step 5 (Additional Information), and Step 6 (Confirmation). Step 4 is highlighted with a red box and a red circle containing the number '1'. In the main area, the 'Article Type' dropdown menu is set to 'Original article' and is highlighted with a red box and a red circle containing the number '2'. Below the dropdown, there is a list of article areas with checkboxes: Algorithms (Computer Networks, Digital contents, Medicine, Etc, Biomaterials, Epidemiology), Extended ERP (Graphics, Multimedia), Computer Vision Systems, Etiology, Treatment, Histology, Pathology, 1233, and OS. The 'NEXT' button is highlighted with a red box and a red circle containing the number '3'. At the bottom, there are three buttons: 'PREVIOUS', 'SAVE', and 'NEXT'.

1. Step 4 : Article Type과 Areas를 선택합니다.
2. "Article Type" 선택 후 Article Area를 체크합니다.
3. 다음 단계로 진행하려면 "NEXT" 버튼을 클릭합니다.

**Title**  
- Apache Tomcat (or simply Tomcat, formerly also Jakarta Tomcat) is an open source web server

**Abstract**  
- Catalina is Tomcat's servlet container. Catalina implements Sun Microsystems' specifications for servlet and JavaServer Pages (JSP). In Tomcat, a Realm element represents a "database" of usernames, passwords, and roles (similar to Unix groups) assigned to those users. Different implementations of Realm allow Catalina to be integrated into environments where such authentication information is already being created and maintained, and then use that information to implement Container Managed Security as described in the Servlet Specification

**Title : A Study on the Analysis of Intellectual Structure of Korean Veterinary Sciences**

**Keywords :**  
Veterinary Medicine  
Knowledge Domain Analysis

**Abstract (up to 300 words only) :**  
The purpose of this study is to see the intellectual structure in the field of veterinary sciences in Korea, using author profiling analysis(APA), a bibliometric approach. Three journals are selected on the basis of citation data, exchanging most citations with Korean Journal of Veterinary. And then, 50 authors who published most articles at selected journals during the given period of time were chosen. The analysis of similarity and dissimilarity among authors by comparing co-word appearance patterns from article title, abstracts, and keywords was made. Authors can be grouped 11 minor clusters under 4 major clusters, depending on their interests in the area of veterinary sciences in Korea. The subjects for each cluster at the veterinary sciences are decided by the matching the keyword, representing author's research interest. As a result, it is possible to figure out the current research trends and the researcher network in the field of veterinary sciences.

# 공저자 논문 확인(Submissions as a Co-author)

The screenshot shows the KISTI journal submission interface. At the top, there is a navigation bar with 'Acoms Journal list', 'Help', and 'Sitemap'. Below this, the user is logged in as 'jeong won choi' with options for 'Logout' and 'Change Detail'. The page title is 'Korea Institute of Science and Technology Information' with ISSN and pISSN numbers. The main navigation includes 'Journal Information', 'e-Submission', and 'View-FullText'. A dropdown menu is set to 'AUTHOR'. The 'Submissions' section lists various submission statuses. The 'My History' section is expanded, and 'Submissions as a Co-author(1)' is highlighted with a red box and a red circle containing the number '1'.

The screenshot shows the 'Submissions as a Co-author' page. It includes the same navigation and user information as the previous screenshot. The page title is 'Submissions as a Co-author' and it shows 'Author's Main Menu > Coauthor Information'. The total number of submissions is 1. A table lists the submission details:

Manuscript ID	Title	Date Submitted	Date Disposition Set	Final Disposition	Operations
KISTI-2012-003	A Study on Improvements of Guidelines for Public Library Service to Deaf People in Korea	2012-08-13	2012-08-13	Accept	<ul style="list-style-type: none"><li>- <a href="#">Manuscript File</a></li><li>- <a href="#">Manuscript Info</a></li><li>- <a href="#">Files</a></li><li>- <a href="#">Send Email</a></li></ul>

At the bottom of the table, there is a page indicator '| 1 |' and a 'Main Menu' link. A red circle with the number '2' is placed over the 'Date Disposition Set' column.
